FOR IMMEDIATE RELEASE

**DJO INCORPORATED MAKES ITS LARGEST EVER MEDICAL PRODUCT
DONATION TO AID VICTIMS OF THE EARTHQUAKE IN HAITI**

SAN DIEGO, CA, January 21, 2010 – DJO Incorporated (“DJO” or the “Company”) a global provider of medical device solutions for musculoskeletal health, vascular health and pain management, today announced the Company has made its largest ever donation of orthopedic medical products to aid the victims of the earthquake in Haiti. Included in the Company’s donation were orthopedic rehabilitation devices including immobilizers and splints for the neck, shoulder, arm, wrist, knee and foot and ankle valued at approximately \$200,000. The donation was made to Project HOPE on January 18, 2010 and is expected to arrive in Haiti today. DJO employees worldwide are also supporting the relief effort with cash donations to Project Hope.

“All of us here at DJO have been deeply affected by the tragic events in Haiti. We are fortunate to be in a position to help and proud to step up and contribute to the relief effort there,” said Les Cross, president and chief executive officer.

Project HOPE is one of the world's largest health and humanitarian aid organizations. Its unique qualities center on its focus to assist from the family and community levels to the tertiary care level. Increasingly, its targeted efforts not only provide for the immediate medical needs of individuals to long-term initiatives to provide solutions to better health, allowing individuals to help themselves.

About DJO Incorporated

DJO is a leading global developer, manufacturer and distributor of high-quality medical devices that provide solutions for musculoskeletal health, vascular health and pain management. The Company's products address the continuum of patient care from injury prevention to rehabilitation after surgery, injury or from degenerative disease.
