Montane Tables

The Core of your Practice Reaches New Heights

The Pinnacle of Quality, Craftsmanship and Innovation.

Your table is the core of your practice, and with Montane, you have a trusted partner. Every detail has been designed, engineered and crafted to elegant, exacting standards, delivering a refined experience that maximizes patient comfort while optimizing practitioner access and ease of operation.

Step up to the Montane difference.

19-40 inches

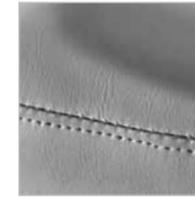

Generous height adjustment range from 19-40 inches.

Proprietary Hallotronic® technology offers enhanced reliability.

Premium upholstery in tasteful colors. Quality workmanship down to the detailed stitching.

Multilayer padding with specially selected density creates a synergy of ideal resistance for the practitioner and comfort for the patient.

Electric Safety Box offers added security; allows practitioner to disable the mechanics when not in the room.

Ultra-quiet actuator and gas springs powerfully lift patients.

High-performance, multidirectional casters and one central brake system allows for easy mobility of the table when not in use.

Steel is laser cut, coated with a high quality powder coating and features extra-strong, precision robotic welds.
