Center the barcode then adjust the distance for better focus.
Avoid glare and shadows.

Scanner Ready

Waiting for scan
Device:
SN:
Status:
Location:

Hold the iPad over the barcode
Get the serial number in the "Red" box
The Scan will happen automatically

Report a device - ONLY if it will not scan

Note: If a device scans but is NOT recognized accept the scan and inventory control will take care of it for you.
No need to report a device if it scans (even if it is not recognized)
Confirm/Transfer Devices

Confirm location
To move a device - Choose different location
Select Transfer to trunk to move it to your trunk

Note: It is always best to start in a clinic then scan a device and move it to that location
