

ATTENTION DOCTORS: REGISTER TO REVIEW YOUR DJO GLOBAL SUNSHINE DATA

The Physician's Professional Network (PPN) is a free, online portal that allows you to confidentially review the Sunshine data that DJO Global will report to the Centers for Medicare & Medicaid Services (CMS) under your name before it is submitted. If you login prior to the date DJO Global must submit its data to CMS in March of each year, you will have an advance opportunity to review the data and comment. See back of this card to learn how to register on the PPN.

Register on the Physician's Professional Network

- 1 Go to www.physpro.net and follow the prompts.
- 2 If you "opt-in," you will be notified via email when DJO Global uploads or modifies data under your name.
- 3 Enter the system to review the data.

If you do not elect to opt-in, you will need to check the site periodically to see if data has been uploaded under your name or if there have been any modifications to that data.

Submit questions about DJO Global Sunshine data to us through the PPN or directly to DJO Global at sunshineinquiries@djoglobal.com.

For more information about the Sunshine Law, please visit the DJO Global Sunshine site at <http://www.djoglobal.com/compliance/sunshine>.
