Support patients.
Stay connected. From anywhere.

X4™ Smart Brace with Motion Intelligence™ Technology—combining a supportive brace and a cloud-based remote patient monitoring solution.
X4™ SMART BRACE WITH MOTION INTELLIGENCE™

How it works:
X4 with MI supports the knee while allowing healthcare professionals to evaluate knee joint range of motion, at-home exercise compliance, and changes in pain level. The digitally connected, app enabled X4 Smart Brace continuously records patient data and transfers it to the physician for review.

ADVANTAGES:
- REMOTE MONITORING OF AT-HOME EXERCISES AND ACTIVITY TRACKING
- MONITOR PATIENT COMPLIANCE AND ENGAGEMENT BY EMPOWERING AT-HOME RECOVERY
- ENHANCED PATIENT/PHYSICIAN COMMUNICATION AND COLLABORATION FOR CONNECTED MANAGED CARE
- SUPPORT AND PROPRIOCEPTION ASSISTANCE PROVIDED BY THE BRACE
X4™ Smart Brace
with Motion Intelligence™

DJO’s knee bracing and cloud-based remote patient monitoring solution is comprised of four innovative components.

X4 SMART KNEE BRACE
- Comfortable, easy to apply, wraparound design
- Aluminum hinges deliver support, adaptability and proprioception
- Adjustable range of motion control

MOTION INTELLIGENCE™
360 SENSOR
- Patent-pending Motion Intelligence sensor technology
- On-demand monitoring of rehabilitation progress, activity level and compliance
THIGH & CALF STRAPS
- Universal Sizing
- Long straps allow for fitting on a variety of leg shapes/sizes
- Breathable Nylon & Polyester blend material

RIGID ALUMINUM UPRIGHTS
- Provides medial and lateral support to the knee
- Malleable to create contour to the angle of the knee
- Uprights can be positioned to contour to the knee anatomy along midline of the knee joint

RANGE OF MOTION HINGES
- Adjustable range of motion control at (45°/60°/75°/90°) flexion and (0°/10°/20°/30°) extension

MOTION INTELLIGENCE SENSOR HINGE
- Connects to Motion Intelligence App to track range of motion and rehabilitation progress
MOTION INTELLIGENCE APP

- Intuitive, easy to use app enables remote, real time monitoring
- Communication and collaboration between physician and patient
- Ability for patients to track daily range of motion goals, view daily exercises and record pain levels

PHYSICIAN PORTAL

- Ability for physicians to monitor patient compliance, activity levels, range of motion, pain scores and more from anywhere
- Intuitive, easy to use dashboard
- Tracking of patient progress and protocol compliance
- Communication with patient and ability to answer questions in real time
- Access to EMR/PM as well as surgical site photos
X4™ Smart Brace with Motion Intelligence™ Technology
Connectivity throughout the continuum of care, with the goal of better outcomes for all.
